

Read this fascinating history of the \$1 bill all way to the bottom to know about Haym Solomon. You may be in for quite a surprise!

On the rear of the One Dollar bill, you'll see two circles. Together, they comprise the Great Seal of the United States. First Continental Congress requested that Benjamin Franklin and a group of men come up with a Seal. It took them four years to accomplish this task and another two years to get it approved. The Seals have remained unchanged since 1789. The arms represent balancing scales- balancing war and peace. If you look at the left-hand circle, you'll see a pyramid, symbolic of strength and endurance to weather the ages. The EYE is a symbol of divine providence an ancient symbol for divinity.

Notice the face is lighted, and the western side is dark. This country was just beginning. We hadn't begun to explore the west or decide what we could do for Western Civilization. The Pyramid is uncapped, again signifying that we weren't even close to being finished. Inside the Capstone you have the all-seeing eye, an ancient symbol for divinity. It was Franklin's belief that one man couldn't do it alone, but a group of men, with the help of God, could do anything.

The Latin above the pyramid, ANNUIT COEPTIS, means, "God has favored our undertaking". The Latin below the pyramid, NOVUS ORDO SECLORUM, means, "a new order has begun". At the base of the pyramid is the Roman numeral for 1776(MDCCLXXVI)

If you look at the right-hand circle the eagle circle, and check it carefully, you'll learn that it's on every National Cemetery in the United States. It's also on the Parade of Flags Walkway at the centerpiece of most hero's monuments.

Slightly modified, it the seal of the President of the United States, and it's always visible whenever he speaks, yet very few people know what the symbols mean.

The Bald Eagle was selected as a symbol for victory for two reasons.

First, he isn't afraid of a storm, he's strong, and he's smart enough to soar above it. Secondly, he wears no material crown. We had just broken from the King of England.

In his talon is the olive branch with 13 leaves and 13 olives on it. His other talon holds 13 arrows. In his beak he holds a banner that says E Pluribus Unum, translated means out of many comes ONE!

Also, notice the shield is unsupported. This country can now stand on its own.

At, the top of the shield there is a white bar signifying congress, a unifying factor. We are coming together as one nation. In the Eagle's beak, you read, "E Pluribus Unum" from many – one".

An (untrue) old fashioned belief says that the number 13 is an unlucky number which is almost a worldwide belief. You almost never see a room numbered 13 or any hotels, offices with 13th floor. But think about this:

America, which relies of **God** (not a number) to direct and lead, boldly chose.

13 original colonies

13 signers of the Declaration of Independence

13 stipes on our flag

13 steps on the pyramid

13 letters in Annuity Coeptis

13 letters in E Pluribus Unum

13 stars above the eagle

13 bars on that shield

13 leaves on the olive branch

13 fruits and if you look closely,

13 arrows

And finally, notice the arrangement of the 13 stars in the right- hand circle. You will see that they are arranged as a Star of David.

This was ordered by George Washington who, when he asked Haym Solomon, a wealthy Philadelphia Jew, what he would like as a personal award for his services to the Continental Army. Solomon said he wanted nothing for himself, but he would like something for his people. The Star of David was the result. Few people know it was Solomon who saved the Army through his financial contributions...then died a pauper. Haym Solomon gave \$25 million to save the Continental Army, money that was sorely needed to help realize America's and our freedom and independence from England. Therein lies America's Judeo-Christian beginning. Most American children do NOT know any of this. They were not taught.

On America's Freedom: Too many veterans gave up too much to let the meaning fade. Many veterans came home to America that did not care. Too many veterans never came home at all. They served, they died for you and me.

I hope you will share this page with many more so they can learn about the United States Dollar Bill, and what it stands for.

America is at a critical junction. Let's do whatever we can to save her while, never, ever forgetting:

There are 293 ways to make change for a US dollar.

In the 50 states names, every letter is used but 1?

Do you know which one? The Q
